

Rohit Mishra

Full Stack Developer

rohitmishra13214@gmail.com|+91 9354351730

Technical Highlights

- Designed scalable full-stack web applications using Django and JavaScript.
- Built modular backend architecture following clean coding principles.
- Developed REST APIs with secure authentication and optimized database queries.
- Built responsive user interfaces with reusable components.
- Used Git & GitHub for version control and project management.

Technical Skills

Python • Django • JavaScript • HTML5 • CSS3 • SQL • PostgreSQL • SQLite • REST API • Git • GitHub • OOP • Responsive Design • Problem Solving

Projects

AI SaaS Productivity Platform (In Progress)

Python • Django • PostgreSQL • JavaScript • REST API • AI API

- Designed a modular SaaS platform integrating AI-powered productivity tools.
- Built secure authentication, dashboards, user profiles and REST APIs.
- Optimized database performance for scalable applications.
- Focused on reusable architecture for future feature expansion.

Second Brain OS (In Progress)

Python • Django • PostgreSQL • JavaScript

- Developing a knowledge management platform for notes, documents and tasks.
- Designed folder hierarchy, tagging system and powerful search.
- Built reusable dashboard components with responsive UI.
- Optimized application structure for long-term scalability.

E-Commerce Marketplace (In Progress)

Python • Django • PostgreSQL • JavaScript

- Developed customer and seller dashboards with secure authentication.
- Implemented product catalog, search, cart and order workflow.
- Designed normalized relational database for scalability.
- Optimized backend performance for faster user experience.

AI Career Assistant Platform (In Progress)

Python • Django • JavaScript • AI API

- Building an AI-powered platform for resume analysis and career guidance.
- Developing ATS scoring and personalized learning roadmap features.
- Designed reusable backend modules using Django.
- Focused on scalable architecture and clean user experience.

Education

Second-Year tech Student,CCSU
